

When was the last time a colleague inspired you?

01 · The question stop 1 of 1 · When was the last time a colleague inspired you?

Open with the question, before you introduce anyone. Ask it, then stay quiet for a few seconds: when was the last time a colleague inspired you? Give the room time to picture one person and one moment.

Real stories. Visible values. Repeatable impact.

 One person's story can light the way for others.

02 · Behind a Better Life stop 2 of 2 · Tagline · the light is born

Real stories. Visible values. Repeatable impact. One person's story can light the way for others that light is the thread through everything that follows.

— TRAFFIC OPERATIONS CENTRE · NIGHT SHIFT

03:12

Nouf rebuilt the night handover — unasked, in one afternoon.

**NIGHT HANDOVER · v2**

- ✓ Overnight incidents · timestamped
- ✓ Signal faults still open
- ✓ Diversions in force at handover
- ✓ Camera outages · zone + ticket
- ✓ Anything the day shift must call
- ✓ Signed off by night supervisor

Morning shift, first hour: ~~rebuilding the night~~ → **on live incidents from minute one.**

01 THE MOMENT

02

03

04

05

03 · One night stop 1 of 2 · 03:12 · Nouf rebuilt the night handover

Here is one of those moments. Nouf is an illustrative story. At 03:12, in the traffic operations centre, she rebuilt the night handover unasked, in one afternoon. The morning shift no longer rebuilds the night; it is on live incidents from minute one.

Two people know.

Nouf, and the colleague who sat next to her.

01 THE MOMENT

02

03

04

05

03 · One night stop 2 of 2 · Pull back · two people know

Now pull back. Across the whole organisation, who knows this happened? Two people: Nouf, and the colleague who sat next to her. Pause, and let the empty field land.

— THE GAP

Inspiration is happening — but it is not always visible.

01

Good work happens

Employees help, solve problems and go the extra mile in their daily work.

04 · The gap stop 1 of 3 · Inspiration is not always visible · good work happens

Inspiration is happening at Tahakom every day, but it is not always visible. Each shape is one team, and each light is good work: colleagues who help, solve problems and go the extra mile.

— THE GAP

Inspiration is happening — but it is not always visible.

01 —

Good work happens

Employees help, solve problems and go the extra mile in their daily work.

02 —

Visibility stays local

These contributions are often noticed only by the immediate team or manager.

03 —

Learning does not travel

Useful behaviours are not consistently shared across departments or repeated.

04 · The gap stop 2 of 3 · Visibility stays local · learning does not travel

But visibility stays local: the team or manager notices, and it stops at the wall. And learning does not travel: useful behaviours are not shared across departments, so the story fades halfway.

— THE GAP

Inspiration is happening — but it is not always visible.

Meaningful contributions exist — the gap is making them visible, recognised and shared across Tahakom.

Behind a Better Life closes that gap through real employee stories.

TODAY'S ASK

Approve a one-quarter pilot

04 · The gap stop 3 of 3 · We close the gap · today's ask

The contributions exist; the gap is making them visible, recognised and shared. Behind a Better Life closes that gap through real employee stories. So, from the start, today's ask: approve a one-quarter pilot.

— EMPLOYEE FEEDBACK

Employee feedback validates the opportunity.

 158

COLLEAGUES RESPONDED

An anonymous, eight-question survey.

01

02 THE GAP

03

04

05

05 · What colleagues told us stop 1 of 4 · 158 colleagues responded

We asked before we designed: 158 colleagues answered an anonymous eight-question survey. Each square is one of them.

— EMPLOYEE FEEDBACK

Employee feedback validates the opportunity.

56%

VISIBILITY GAP

Rarely or never hear about another department's achievement.

88 of 158 · visibility gap Other respondents

— EMPLOYEE FEEDBACK

Employee feedback validates the opportunity.

8%

RECOGNITION REACH

Say praise for a colleague reaches the whole organisation.

13 of 158 · recognition reach ☐ Other respondents

01

02 THE GAP

03

04

05

05 · What colleagues told us stop 3 of 4 · 8% · recognition reach

The number to remember: only 8% say praise for a colleague reaches the whole organisation thirteen people out of 158.

— EMPLOYEE FEEDBACK

The work exists. The visibility channel does not.

 **80%**

CONNECTION

Say colleagues' stories would strengthen connection to Tahakom.

49%

PRACTICAL LEARNING

A colleague's story gives them an approach they can use.

01

02 THE GAP

03

04

05

05 · What colleagues told us · stop 4 of 4 · 80% connection · 49% learning · the punchline

Yet the appetite is there: 80% say these stories would strengthen their connection to Tahakom, and 49% say a colleague's story gives them an approach they can use. The work exists. The visibility channel does not. (Also heard: email preferred 123/158; 47% want a monthly rhythm; 32% anonymous nomination; 49% want to approve their story.)

READING THE NUMBERS

Willingness is strong; the mechanism is weak.

THE MECHANISM

THE WILLINGNESS

■ Tahakom ○ Benchmark | Directional comparison only: measures and populations are not identical.

Sources: Tahakom internal survey (158 responses); Gallup & Workhuman 2024, Achievers Workforce Institute, Globoforce/Workhuman. Benchmarks are directional and are not Saudi norms.

06 · Reading the numbers stop 1 of 2 · Willingness is strong; the mechanism is weak · the numbers build

Against outside benchmarks, the mechanism is behind: org-wide recognition 8% against 22%, minus 14; choice in recognition 49% against 64%, minus 15. The willingness is ahead: peer recognition 89% against 41% plus 48, our standout. Connection is broadly aligned, 80% against 77%. Directional only: different measures, not Saudi norms. [Team: confirm the source of "Choice in recognition".]

READING

Behind on the mechanism,

-14 pts
Org-wide recognition

-15 pts
Choice in recognition

ahead on the willingness

+48 pts
Peer recognition

+3 pts Connection / loyalty - broadly aligned 80% vs 77%

— build the channel, then test it.

■ Tahakom ○ Benchmark | Directional comparison only: measures and populations are not identical.

Sources: Tahakom internal survey (158 responses); Gallup & Workhuman 2024, Achievers Workforce Institute, Globoforce/Workhuman. Benchmarks are directional and are not Saudi norms.

01

02 THE GAP

03

04

05

06 · Reading the numbers stop 2 of 2 · Reading · build the channel, then test it

So: behind on the mechanism, ahead on the willingness. People are ready; the channel is missing. Build the channel, then test it that is the pilot we are asking you to approve.

WHY IT MATTERS

Recognition creates value at two connected levels.

01

02

03 WHY IT MATTERS

04

05

07 · Why it matters · stop 1 of 3 · Recognition creates value at two connected levels · the prism flow

Why does this matter to Tahakom, not only to the person recognised? Recognition creates value at two connected levels: the employee feels seen and motivated; once the story is shared, the organisation gains culture and engagement.

WHY IT MATTERS

Employee recognition becomes organisational value **when the story is shared.**

Retention remains a possible long-term effect — not a direct outcome of the pilot.

01

02

03 WHY IT MATTERS

04

05

07 · Why it matters · stop 2 of 3 · Becomes organisational value when the story is shared · retention caveat

So employee recognition becomes organisational value when the story is shared. One honest caveat: retention may follow in the long term, but it is not a direct outcome of the pilot, and we will not claim it.

— STRATEGIC VALUE

The initiative does not create new values — it helps employees recognise and apply **the values Tahakom already has.**

■ COMMITMENT

■ COLLABORATION

■ INNOVATION

■ IMPACT

■ LEARNING

■ EXCELLENCE

01

Purpose connected to work

02

Values become visible

03

Learning moves across teams

01

02

03 WHY IT MATTERS

04

05

07 · Why it matters stop 3 of 3 · Strategic value · over Riyadh · the values Tahakom already has

The key point: we are not inventing new values. The initiative helps employees recognise and apply the values Tahakom already has, so the culture behind the strategy is easier to see in everyday work.

— WHAT IS NEW

Most recognition stops at the award. This keeps going.

01

02

03

04 THE CYCLE

05

08 · The cycle · stop 1 of 3 · What is new · two lanes

Most recognition runs the top lane: an achievement earns recognition, and it ends there. The bottom lane keeps going: an experience becomes a story, the story shows a behaviour, it inspires someone, and more stories follow.

— THE SOLUTION

A simple story-to-impact cycle.

08 · The cycle · stop 2 of 3 · The cycle · four stages

That loop is the solution, in four steps. Capture: a peer or leader nominates through a short form. Curate: check facts, secure consent, link one value. Feature: a short story on existing channels. Reinforce: recognise, share the takeaway.

— THE SOLUTION

A simple story-to-impact cycle.

08 · The cycle · stop 3 of 3 · The cycle repeats

Then it repeats. Each step protects a principle: employee voice, fair selection, visible recognition, organisational learning. Next, one illustrative story all the way round.

ONE STORY

01 Capture

- 01 Capture
- 02 Curate
- 03 Feature
- 04 Reinforce

Faisal Al-Otaibi
Shift Supervisor

Nominate a colleague

30 seconds

Who changed how you work?

Nouf Al-Harbi
Senior Operations Analyst

What changed?

"Nobody asked her to fix it. She just did it — and then she taught the rest of us how."

✓ Sent

09 · One story, through the cycle stop 1 of 4 · Capture · Faisal nominates Nouf

Now follow Nouf's story through the cycle illustrative, not a real case. Faisal takes thirty seconds to nominate Nouf: "Nobody asked her to fix it. She just did it and then she taught the rest of us how."

ONE STORY

Comment

01

02

03

04 THE CYCLE

05

09 · One story, through the cycle stop 2 of 4 · Curate Feature · the checks tick, the post publishes

Curate: facts checked with the shift lead, Nouf's consent, and one value, Excellence. Nothing goes out without consent. Then Feature: a short post on a channel we already have. Reactions, not reach numbers.

— ONE STORY

04 Reinforce

- 01 Capture
- 02 Curate
- 03 Feature
- 04 **Reinforce**

09 · One story, through the cycle stop 3 of 4 · Reinforce · certificate and four teams

Reinforce: her leader acknowledges her with a certificate, and the takeaway travels. In this illustrative story four teams adopt the new handover, and we claim no more than that.

— ONE STORY

Nouf nominates the next colleague →

Recognition becomes behaviour.

- 01 Capture
- 02 Curate
- 03 Feature
- 04 Reinforce

01

02

03

04 THE CYCLE

05

09 · One story, through the cycle stop 4 of 4 · The chain · recognition becomes behaviour

Then Nouf nominates the next colleague, and the cycle starts again: recognition becomes behaviour. Again, the story is illustrative; the mechanism is what we ask you to pilot.

Every story turns strategy into **repeatable behaviour**.

FIELD	THE QUESTION	DESIGN DECISION
01 Purpose	What did this contribution enable?	Each selected story explains why the contribution mattered.
02 Value	Which Tahakom value was demonstrated?	Linked to one primary value and one observable behaviour.
03 Impact	What changed because of the behaviour?	Evidence is reviewed before a story is featured.
04 Repeat	What can other employees do?	Shared across departments with one practical takeaway.

10 · How it runs stop 1 of 3 · 01 Story format · four fields

How does it run? Every featured story answers four questions: purpose, value, impact, and what others can repeat. Each field carries a design decision, so alignment is built in, not added after selection.

01 STORY FORMAT

02 QUARTERLY RHYTHM

03 RECOGNITION

The operating cycle **keeps stories moving.**

ALWAYS OPEN · **Capture**

Accept peer and leader nominations through a simple form.

ONE QUARTER

MONTH 1

Curate

Review relevance, evidence, consent and value alignment.

MONTH 2

Feature

Prepare and publish selected stories; encourage team discussion.

MONTH 3

Reinforce

Recognise contributors, capture learning and review trends.

ANNUAL

Curated story collection

01

02

03

04 THE CYCLE

05

10 · How it runs · stop 2 of 3 · 02 Quarterly rhythm · always open, month by month

Nominations never close: any peer or leader can nominate through a simple form. Each quarter, one cycle runs: curate in month one, feature in month two, reinforce in month three. Once a year, featured stories become a curated collection.

01 STORY FORMAT

02 QUARTERLY RHYTHM

03 RECOGNITION

Recognition should make the employee **feel seen**.

01

Immediate recognition

Leader acknowledgement and a personal certificate.

02

Quarterly feature

Newsletter or internal-channel spotlight across Tahakom.

03

Annual recognition

Selected stories featured at a company event or in an annual collection.

PRINCIPLE

Use **Featured Story** — not Best Story.

01

02

03

04 THE CYCLE

05

— THE ASK

Approve the pilot.

01

02

03

04

05 THE PILOT

11 · The pilot stop 1 of 3 · Approve the pilot.

So here is the ask, in three words: approve the pilot. Pause, and let it sit. Everything that follows is what that approval buys, and how we will know whether it worked.

— THE ASK

Approve the pilot.

Start with **one quarterly cycle** and measure what changes.

01 Open nominations

Accept peer and leader nominations through a simple form.

START
QUARTER END

03 Report what changed

On a quarterly dashboard.

ONE
QUARTER

M1

M2

M3

02 Run one full cycle

Capture → Curate → Feature → Reinforce
within the quarter.

01

02

03

04

05 THE PILOT

11 · The pilot · stop 2 of 3 · One quarterly cycle · three commitments

We start with one quarterly cycle and measure what changes. One lap of this ring is one quarter: open nominations to peers and leaders, run one full cycle capture, curate, feature, reinforce and report what changed: participation, reach, recognition and repeatable behaviour, on a quarterly dashboard.

— THE ASK

Approve the pilot.

— HOW WE'LL JUDGE IT

BASELINE

Recognition reach **8%** · visibility gap **56%** today
→ the same eight questions at quarter end.

WHAT WE NEED

An executive sponsor · curation time from HR and Internal Communications · our existing channels

After one quarter we come back with one recommendation:

scale, adjust or stop.

01

02

03

04

05 THE PILOT

11 · The pilot stop 3 of 3 · How we'll judge it · what we need · scale, adjust or stop

Four gantries judge it: participation, reach, recognition, repeatable behaviour. Baseline: 8% reach, a 56% gap; the same eight questions at quarter end. We need a sponsor, curation time, our existing channels no new platform. Then one recommendation: scale, adjust or stop. Risks if asked (v1 scene 15): a popularity contest peers nominate, criteria published (curation panel); nominations dry up always open, each featured colleague nominates the next (Internal Communications); a sensitive story facts and consent checked first (HR, Legal on request); clustering representation tracked from month one (HR / People Analytics); owners and the needs list are our proposal, team to confirm before presenting.

The background of the slide is a dark blue gradient. It features a complex network of small, light blue square nodes connected by thin, light blue lines. The nodes are distributed across the entire frame, with a higher density in the center. Two nodes, located slightly to the right of the center, are highlighted with a bright cyan glow, making them stand out from the rest of the network.

Two people knew.

12 · Close stop 1 of 2 · **Two people knew** the chain

Remember the night shift: two people knew. Now the story is told, and the colleague it featured nominates the next and the next. Let the chain run; say nothing for a moment.
